

Montana Office of Public Instruction

Linda McCulloch
State Superintendent

Memorandum of Public Declaration

March 21, 2007

This letter is to certify that, in January 2007, I approved the draft science alternate achievement descriptors under the authority vested in me by state statute to implement federal education programs. The descriptors were recommended by a panel of Montana science and special education educators and the Montana Technical Advisory Committee (TAC).

Further, as the duly elected Superintendent of Public Instruction for the State of Montana, I will adopt the final descriptors after following the process and timeline approved by the United States Department of Education in a letter received January 23, 2007.

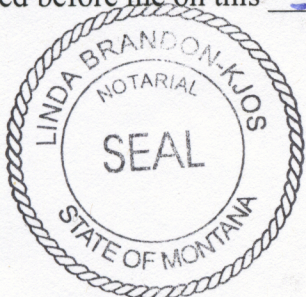

Sincerely,

Linda McCulloch
State Superintendent
